VESTERGATE

BATTLEFIELD OVERVIEW

Three approaches through a terraced woodland to the defended kingdom gate.

Editable terrain, lane surfaces, tree masses, defence shelves and architectural landmarks.

Layout study • metre-scale authoring • no enemy navigation or Roblox collision setup yet

VESTERGATE

THREE LANES / EIGHT DEFENCE TERRACES

Gate at south. Enemy trails enter from north and converge at the crystal apron.

D1–D8: flat defence footprints with grass access ramps.

Authored route lengths: woodland 110 m / gate road 102 m / ridge 109 m. Combat balance pending.

VESTERGATE

STANDING OUTSIDE THE GATES

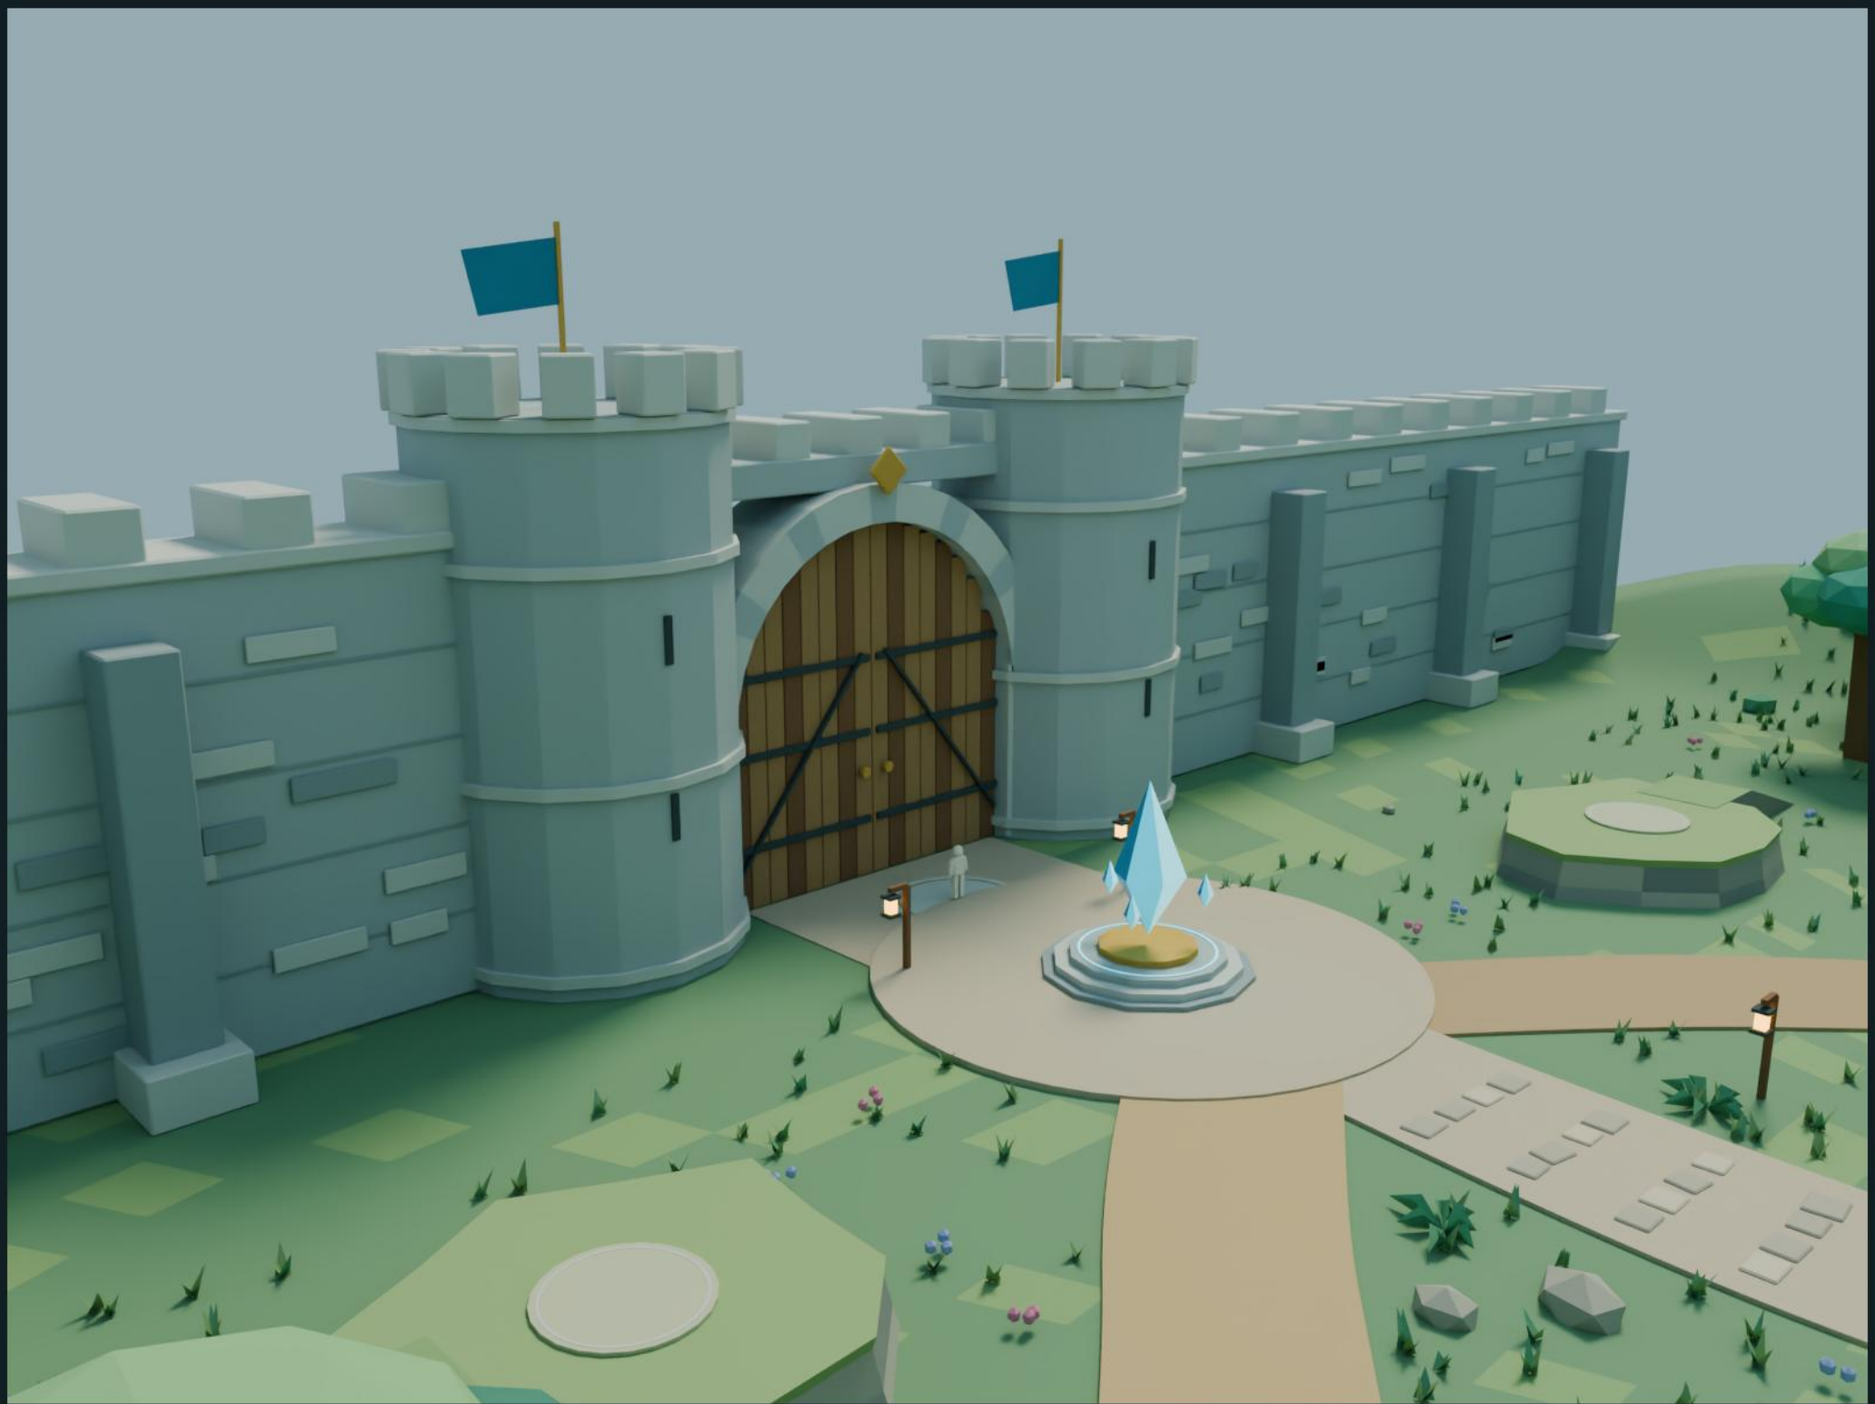

Player-height view from the spawn paving, looking outward past the defended crystal.

Editable terrain, lane surfaces, tree masses, defence shelves and architectural landmarks.

Layout study • metre-scale authoring • no enemy navigation or Roblox collision setup yet

VESTERGATE

THE DEFENDED OBJECTIVE

Closed wooden gates, flanking bastions, kingdom walls and the crystal courtyard.

Editable terrain, lane surfaces, tree masses, defence shelves and architectural landmarks.

Layout study • metre-scale authoring • no enemy navigation or Roblox collision setup yet

VESTERGATE

RIDGE CROSSING AND ELEVATED GROUND

Timber bridge over a recessed stream cut; clear ground on the nearby defence shelves.

Editable terrain, lane surfaces, tree masses, defence shelves and architectural landmarks.

Layout study • metre-scale authoring • no enemy navigation or Roblox collision setup yet
